

Cookie Policy

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive.

We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. These essential cookies are always enabled because our website won't work properly without them. They include, for example, cookies that enable you to log into secure areas of our website, use a shopping cart or make use of e-billing services. You can switch off these cookies in your browser settings but you may then not be able to access all or parts of our website.
- **Analytical or performance cookies.** These allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests.

You can find more information about the individual cookies we use and the purposes for which we use them in the table below:

Cookie Name	Type	Purpose	Duration	Provider
_cf_bm	Strictly Necessary	Used to distinguish between human users and bots to protect the website from malicious activity.	30 minutes	Cloudflare
PHPSESSID	Strictly Necessary	Maintains session state across page requests.	Session	Your Website

IDE	Targeting/Advertising	Used by Google DoubleClick to personalise ads.	1 year	Google
NID	Targeting/Advertising	Used by Google to remember user preferences and personalise ads.	6 months	Google

Please note that third parties may also use cookies, over which we have no control. These third parties may include, for example, social media and advertising networks and providers of external services like web traffic analysis services. These third party cookies are likely to be analytical cookies or performance cookies or targeting cookies.

You can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our site.
